The Honourable Edmond Blanchard, Q.C.
Minister of Justice
Province of New Brunswick

Dear Minister:

I have the honour to submit the Fifty-Fifth Report of the Superintendent of Insurance for the insurance companies' business year 1991 and for the Superintendent's fiscal year ending March 31, 1992.

Total premiums, for all classes of insurance, paid by policyholders in the business year 1991 were $993,223,322, an increase of approximately 8% over the previous year. Total claims and dividends paid were approximately $571,027,982, an increase of 5%. The other than Life business overall loss ratios decreased from 84% in 1990 to 82% in 1991. The increase in claim payouts, most notably in general liability insurance which increased from 72% to 81% in 1991 and fire insurance (both personal and commercial lines) from 61% to 74%, reflects the "soft pricing" cycle of the past three years. The industry is providing ample market for these classes of insurance which have become very competitive. I believe realistic underwriting and proper pricing of risks is required to maintain financial viability. The effect of stringent underwriting in automobile insurance over the past two years has improved the loss ratio from 99% in 1990 to 87% in 1991.

The Fire Marshal's Tax, levied on all fire premiums collected by insurers during 1991-1992, exceeded $950,000. The tax rate is 1% of premiums and is collected on behalf of the Department of Municipalities, Culture and Housing. The expenses of the Automobile Insurance Rate Filing section of the Board of Commissioners of Public Utilities are collected on behalf of the Department of Transportation. The amount collected from insurers, based on a pro-rata charge of automobile insurance premiums, was $282,768.

The Insurance Branch collects its own expenses by way of a prorata assessment on the industry based upon premium income. The 1991-1992 amount totalled $336,785, a decrease of approximately 4% in expenses.

Premium taxes are collected on the basis of 2% of premium income for life companies and 3% of premiums for other than life companies. The amount received for 1991-1992 was $17,525,968, a 15% increase over the prior year.

Licence and examination revenues from intermediaries (agents/brokers/adjusters/appraisers) totalled $158,433.

There were 313 insurance companies licensed during 1991, comprised of the following:

Licensed Insurers	**1991**	**1990**
Provincial Mutuals	4	4
Life	118	117
Other than Life	177	176

L'honorable Edmond Blanchard, c.r.
Ministre de la Justice
Province du Nouveau-Brunswick

Monsieur le Ministre,

J'ai l'honneur de vous présenter le cinquante-cinquième rapport du surintendant des assurances pour l'exercice 1991 des compagnies d'assurance et pour l'année financière du surintendant terminée le 31 mars 1992.

Pour toutes les catégories d'assurance, les assurés ont versé des primes totalisant 993 223 322 $ pour l'exercice 1991, ce qui traduit une augmentation d'environ 8 p. 100 par rapport à l'exercice précédent. Les décaissements pour sinistres et participations ont atteint environ 571 027 982 $, soit une augmentation de 5 p. 100. Quant aux ratios sinistres/primes pour les compagnies d'assurance autres que celles offrant de l'assurance vie, ils sont passés de 84 p. 100, en 1990, à 82 p. 100 en 1991. Les décaissements pour sinistres en matière d'assurance responsabilité civile sont passés de 72 p. 100 à 81 p. 100 en 1991, alors que ceux de l'assurance incendie (des particuliers et des entreprises) sont passés de 61 p. 100 à 74 p. 100. Ces augmentations sont le résultat des prix relativement peu élevés affichés au cours des trois dernières années. L'industrie offre un vaste marché pour ces catégories d'assurance, qui sont devenues très concurrentielles. J'estime que deux facteurs permettent d'assurer le maintien de la viabilité financière de l'industrie : des souscriptions réalistes et l'établissement de prix justifiés par rapport aux risques. Dans le domaine de l'assurance automobile, l'adoption de règles rigides a permis d'améliorer le ratio sinistres/primes au cours des dernières années, ce ratio étant passé de 99 p. 100 en 1990 à 87 p. 100 en 1991.

La taxe du prévôt des incendies, prélevée sur les primes d'assurance incendie perçues par les assureurs au cours de l'exercice 1991-1992, a rapporté plus de 950 000 $. Le taux d'imposition correspond à 1 p. 100 des primes et la perception est faite pour le compte du ministère des Municipalités, de la Culture et de l'Habitation.

Quant aux dépenses de la section de tarification de l'assurance automobile de la Commission des entreprises de service public, elles sont recouvrées pour le compte du ministère des Transports. Les sommes recouvrées auprès des assureurs, lesquelles sont proportionnelles aux primes d'assurance automobile qui leur ont été versées, se sont chiffrées à 282 768 $.

La Direction des assurances recouvre elle-même ses dépenses en imposant aux assureurs des cotisations proportionnelles à leurs revenus-primes. En 1991-1992, les sommes provenant de cette taxe totalisaient 336 785 $, ce qui représente une baisse d'environ 4 p. 100 dans les dépenses.

La taxe sur les primes équivaut à 2 p. 100 du montant des primes payées aux compagnies d'assurance vie et à 3 p. 100 des primes versées aux autres compagnies d'assurance. En 1991-1992, les sommes provenant de cette taxe se sont chiffrées à 17 525 968 $, soit une augmentation de 15 p. 100 par rapport à l'exercice précédent.

Les recettes provenant des licences et des examens des professionnels de l'assurance (agents, courtiers, experts, estimateurs) ont atteint 158 433 $.

En 1991, 313 compagnies d'assurance ont obtenu une licence :

Assureurs autorisés	**1991**	**1990**
Compagnies mutuelles provinciales	4	4
Compagnies d'assurance vie	118	117
Autres compagnies d'assurance	177	176

Compagnies d'assurance réciproque	3	2

	313	310

Life Insurance Agents	1,258	1,229
Other Than Life Agents/Brokers	894	890
Non-Resident Brokers	130	130

In maintaining the Branch's goal of quality of service in communications with consumers and the industry, enquiries remained steady during this past year on auto insurance underwriting activities, marine insurance and environmental liability markets and resisted claims, most notably under accident & sickness insurance. Conventional auto insurance markets are reasonably accessible and the alternative market, the Facility Association (F.A.), continues to underwrite an increased volume of auto risks, defined as "grey risks" by the industry. The F.A. is amending its Plan of Operation which will assist in depopulating the F.A. risks, which should have access to the regular markets.

On all enquiries, the industry remains very responsive to situations where assistance or further consideration is needed to resolve issues affecting consumers.

The French text of the Standard Automobile Policy was rewritten and gazetted in 1991. This policy must be issued by the industry in a bilingual format. The automobile endorsement forms were completely reviewed and updated accordingly in both official languages. A review of marine insurance market and environmental pollution coverage was completed during the year, and in consultation with the industry, market accessibility was enhanced.

This past fiscal year, amendments to the Premium Tax Act were made, creating a level playing field and equality for all insurers in the accident & sickness insurance field. We worked closely with our New Brunswick based insurers in the study of amendments to their respective Charters in order to maintain their competitiveness in the financial services sector. We are finalizing our study of a step-licensing program for intermediaries which has been under discussion and review with the brokers' association.

The Branch worked with other jurisdictions through the Canadian Council of Insurance Regulators on enhancements to compensation plans for consumer protection in the event of an insolvency of an insurer, and on updates of studies to enhance legislation to maintain uniformity in the administration of the *Insurance Act*.

The Branch attained its goal of scheduled examinations and audits of insurers for the fiscal year. The focus of the examinations was on the solvency of operations and market potential in the delivery of services to consumers. Our New Brunswick based insurers remain financially viable and competitive in serving the needs of New Brunswickers and contribute effectively to the economy of the Province.

Respectfully submitted,

R. W. Richard
Superintendent of Insurance

La Direction a poursuivi sa politique en matière de qualité des services dans ses communications avec les consommateurs et les intervenants de l'industrie, dont les demandes de renseignements se sont maintenues au cours de l'année. Ces demandes portent sur l'assurance automobile, l'assurance maritime, le marché de l'assurance responsabilité contre l'atteinte à l'environnement, de même que sur des réclamations contestées, notamment dans le domaine de l'assurance accidents et maladie. Le marché ordinaire de l'assurance automobile est raisonnablement accessible. Le marché parallèle de l'assurance automobile, soit celui de l'Association des assureurs, continue d'assurer un volume accru des risques, appelés «risques flous» par l'industrie. L'Association des assureurs modifie son plan de fonctionnement afin de réduire les risques flous, et de remettre sur le marché ordinaire les risque qui devaient s'y trouver.

Les assureurs continuent de se montrer très coopératifs lorsque nous leur demandons de nous aider ou d'étudier certains cas plus en détail.

La version française de la police type d'assurance automobile a été révisée et publiée dans la Gazette en 1991. Les assureurs sont tenus de remettre à leurs clients une formule bilingue. En conséquence, les formulaires d'avenants ont également été entièrement révisés et mis à jour dans les deux langues officielles. Au cours de l'année écoulée, nous avons réalisé une étude du marché de l'assurance maritime et de la couverture en matière de pollution environnementale, et, en consultation avec l'industrie, l'accessibilité au marché a été facilité.

En 1991-1992, des modifications ont été apportées à la *Loi de la taxe sur les primes d'assurance* afin de mettre sur un pied d'égalité tous les assureurs dans le domaine de l'assurance accidents et maladie. Nous avons travaillé étroitement avec les assureurs du Nouveau-Brunswick à l'étude des modifications de leurs chartes respectives de façon à maintenir leur compétitivité dans le secteur des services financiers. Nous aurons bientôt terminé l'étude du programme d'accréditation par étapes des professionnels de l'assurance. Cette étude a été entreprise en collaboration avec l'association des courtiers.

La Direction a travaillé avec les autres provinces et les territoires par l'entremise du Conseil canadien des responsables de la réglementation d'assurance en vue d'améliorer les régimes d'indemnisation afin de protéger les consommateurs en cas d'insolvabilité d'un assureur. La Direction a également collaboré à la mise à jour des études visant à améliorer les mesures législatives favorisant l'uniformisation de l'application de la *Loi sur les assurances.*

La Direction a atteint son objectif en matière d'examen et de vérification des assureurs pour l'année financière écoulée. Les examens étaient essentiellement axés sur la solvabilité des activités et sur le potentiel du marché dans la prestation des services aux consommateurs. Les assureurs néo-brunswickois demeurent financièrement viables et concurrentiels, ce qui leur permet de répondre aux besoins des Néo-Brunswickois et des Néo-Brunswickoises. Ainsi, ils contribuent concrètement à l'économie de la province.

Veuillez agréer, Monsieur le Ministre, l'expression de ma haute considération.

Le surintendant des assurances,

R. W. Richard
